

AMENDMENT UNDER 37 C.F.R. §1.114(c)  
U.S. Application No. 09/487,239  
Attorney Docket No. Q57646

**AMENDMENTS TO THE CLAIMS**

**This listing of claims will replace all prior versions and listings of claims in the application:**

**LISTING OF CLAIMS:**

Claims 1-5 (canceled).

6. (currently amended): A container holding an adsorbent, said container being made of at least two laminates joined to each other, wherein each laminate comprises an ultra high molecular weight polyolefin porous film and a polytetrafluoroethylene porous film, wherein the polytetrafluoroethylene porous film has an average pore size of 0.2 to 1.5  $\mu\text{m}$  and a porosity of 60 to 95%,

wherein ~~at least a part of said laminate is formed into a non-planar shape~~ an average pore size of the ultra high molecular weight polyolefin porous film is 10 to 200  $\mu\text{m}$ .

7-8. (canceled).

9. (previously presented): The container according to claim 6, wherein said ultra high molecular weight polyolefin porous film is an ultra high molecular weight polyethylene porous film.

AMENDMENT UNDER 37 C.F.R. §1.114(c)  
U.S. Application No. 09/487,239  
Attorney Docket No. Q57646

10. (previously presented): The container according to claim 6, wherein said ultra high molecular weight polyolefin porous film has a structure in which ultra high molecular weight polyolefin particles are linked together, forming pores among them.

11. (previously presented): The container according to claim 9, wherein said ultra high molecular weight polyolefin porous film has a structure in which ultra high molecular weight polyolefin particles are linked together, forming pores among them.

12. (previously presented): The container according to claim 6, wherein said ultra high molecular weight polyolefin porous film is disposed at an interior side of said polytetrafluoroethylene porous film.

13. (new): The container according to claim 6, wherein the ultra high weight polyolefin porous film comprises an ultra high weight polyethylene film having a molecular weight of 500,000 to 16,000,000.
